Organization Report

Organization: NC Council Knights of Columbus

Name: Gene Ziemba

Position: Disaster Preparedness Chairman

Phone: 478-397-6747

Email: disasterrelief@kofcnc.org

Summary of your organization's response to Hurricanes Matthew and Florence:

During 2018 the Disaster related services provided by the NC Council expanded almost exponentially. From very modest efforts to distribute small amounts of relief supplies following Hurricane Matthew in 2017, these efforts were better organized and extensive following Hurricane Florence. Relief supplies were prepositional, coordination with our National Headquarters was conducted, and a virtual partnership was formed with Catholic Charities. This was in no small measure driven by specific guidance issued by our national headquarters, and was distributed only weeks prior to Hurricane Matthew. This guidance more clearly outlined the local responsibilities of local Council. In addition, in response to Florence a close relationship developed between the Knights and Catholic Charities.
